BATANES

One of the Most Scenic Places on Earth

The highlights of your tour to BATANES are the landscape, seascape and physical structure of the community full of houses made with 1 meter to ½ meter wall with cogon roof tops. Marlboro Countryside, Ghost town and other town of Itbud, Ivana, Mahataw and Uyugan are all in the appearance of antiquity. This tour is recommended if time permits and weather is good.

REMINDER:

BATANES is located in the northernmost region of Luzon, where lodgings are simple and rustic. Hardly any modern transportation exists, thus a jeep will be used for the tour. Travellers may experience a minor inconvenience such as lack of hot/cold shower, aircon transfer, modern restaurant facilities, etc. But we try our best to showcase all the major highlights of the province with tour coordinator making the food, coordinating transfers and accommodation in advance in order to maximize the tourist's time in the island.
